GENERAL.

NOTIFICATIONS.

No. 107. *The 5th September* 1887.

In supersession of previous rules, the following rules are sanctioned by His Highness the Maharaja for the grant of mining leases in Mysore. They do not apply to mining leases already executed by the Government.

Prospecting License.

I. Persons desirous of carrying on prospecting operations with a view to select land for mining purposes within the Territories of Mysore can, on application to the Dewan, and the payment of a fee of Rs. 500, obtain a license granting leave to prospect within a specified area not exceeding ten square miles. The licensee will be entitled to select, within one year from the date of the license, a square mile of land for mining purposes within the area specified in his license. When the selection has been made, the licensee may obtain a lease for the selected area under the following rules and conditions. During the period for which a prospecting license is in force and within the area specified in it, no mining lease or prospecting license shall be granted to any other person. But the Government reserves to itself the power of refusing a prospecting license in respect of any tract.

Mining Leases. Extent of each Grant.

II. Every mining lease will be limited to a block of land not exceeding one square mile in area. The block shall ordinarily be in the form of a parallelogram no side of which is less than half a mile in length. Applications for more than one block from the same applicant will be taken into consideration if there are no other applicants, if no other objection exists, and if the Government is satisfied that the application is made for the purpose of *bonâ fide* working and not for the purpose of mere speculation in mining land.

Application for Lease.

III. (1). Every application for a mining lease, whether it be from a person who has obtained a prospecting license under Rule I or from any other person whatsoever, must be presented or addressed to the Chief Secretary to the Dewan and be accompanied by a deposit of a sum of Rs. 1,000 for every square mile or fraction of a square mile applied for, as security for the due fulfilment of the engagement made by the applicant, and the application should contain a definite statement as to the way in which the applicant proposes to raise the capital required for mining purposes.

(2). Every application must also be accompanied by an extract from the Topographical, Revenue Survey, or other official map, and the land applied for should be marked upon such extract together with the names of all villages by which it is surrounded.

(3). The applicant must point out to the Survey and Local Revenue officers the boundaries of the block of land applied for by him within a fortnight of the Government order for a survey being communicated to him.

(4). After the completion of the survey and needful enquiries by the Survey and Revenue officers, full particulars as to extent and assessment together with printed blank forms of leases to be executed and a bill for the survey and demarcation expenses will be sent to the applicant, who should, within a month from date of receiving such communication, tender for the Dewan's signature the lease in duplicate executed by himself and duly stamped, paying at the same time the cost of the survey and demarcation.

(5). Failure to comply with paras 3 and 4 of this rule will involve cancellation of the application and forfeiture of the sum deposited with it.

(6). The applicant's title to the land applied for will not be complete till the lease is actually executed by the Dewan.

(7). The lease should, after execution, be registered under the law for the time being for registration of assurances, and the duplicate copy thereof should be deposited with the Mysore Government.

(8). The Government will always be at full liberty to reject any application without assigning a reason.

Conditions of the Lease.

IV. Mining leases will be granted subject to the following conditions :—

95

(1). Each lease will be limited to a term of 30 years, subject to renewal at the end of that term, upon such conditions as may be prescribed by the Government in that behalf.

(2). Where occupied Government land or inam land is included within the selected block for which a lease is granted, the lessee shall either purchase the surface rights of the owners of such land, or shall make such other arrangements with them as may be necessary to enable him to enter upon, or carry mining operations on, such land.

(3). The lessee shall pay to Government the annual land revenue assessment, as now existing or as hereafter revised by any survey settlement, on all the arable lands, occupied or waste, and the jodi or quit-rent on any inam lands, as well as an assessment of eight annas per acre on all the unarable lands which may be included within the limits of the lease, together with all local cesses and other taxes or rates of every description payable in respect of the premises or lands comprised in the block, or of buildings or works erected thereon.

(4). The lessee shall also pay a royalty of 5 per cent on the gross proceeds of all gold, metallic ores, coal and other substances of a merchantable nature, which shall be dressed, crushed and made merchantable, and of 10 per cent on the saleable value of all precious stones which may be found in the selected block, clear of all deductions whatsoever.

(5). If, within two years of the grant of the lease, the lessee or his assigns be unable to form a company with a paid-up working capital of not less than £ 5,000 per square mile, the lease shall be forfeited.

(6). The lessee shall search and mine for gold, &c., throughout the term of the lease in the best and most effectual manner without intermission except when prevented by inevitable accident. But after the expiry of the first two years of the lease, the Government reserves to itself the option of levying, in lieu of the royalty, an assessment of Rs. 5 per acre in the event of its not being satisfied with the working or its results for any years of the lease.

(7). The lessee is required to keep regular accounts and plans and maps of the mines and workings, which are to be open to inspection by Government officers.

(8). Government officers are authorized to inspect and examine the mines.

(9). The lessee shall keep all boundary marks in good order, and fence every shaft, pit or open working.

(10). The lessee shall duly enforce such sanitary rules as the Government may, from time to time, prescribe.

(11). The lessee shall not wilfully close, fill up or choke any mine or shaft without permission, and not obstruct any existing roads, paths or by-ways on the land.

(12). The Government are authorized to recover any arrears of revenue, royalty, rent and other dues by distraint and sale of property belonging to the lessee, and in the event of the breach of any of the covenants on the part of the lessee, or of his causing any annoyance or obstruction to any class of persons or Gov-

ernment officials, the Government can cancel the lease on due notice and in default of satisfactory explanation within six months.

(13). If at the end of the term of 30 years, the lessee does not desire a renewal of the lease on such terms as the Government may fix, he will be bound to deliver the land to Government, with the shafts and other premises in good repair and working order, together with the books, maps and plans, free of any claim on account of buildings or other property left standing on the lands. And he should permit the purchase by Government of the buildings, plant, machinery and fittings at a fair valuation.

(14). (*a*) Every assignment of the right, title and interest granted by the lease, whether such assignment be made by the lessees or their successors by assignment, however remote, shall be subject to the payment to the Government of Mysore of a fine which shall be regulated as follows, namely :—for the first assignment, a fine of $\frac{1}{10}$th of the consideration therefor, and for every subsequent assignment a fine of $\frac{1}{10}$th of the excess, if any, of the amount of consideration for such assignment over and above the amount of consideration for the assignment immediately preceding it.

(*b*) For the purpose of computing the fine aforesaid, any shares in a Company which may form the whole or part of the consideration may, at the option of the Government, be regarded as equivalent to the nominal value of such shares.

(*c*) The Government always to have the power of determining the present value of the consideration for a previous assignment, when the amount thereof has to be deducted from the amount of the consideration of a subsequent assignment for the purpose of computing the fine leviable on the latter.

Illustration.

If the lessees assign the lease to A for a consideration of Rs. 100, the fine payable is Rs. 10; if A afterwards assigns the lease to B for a consideration of Rs. 1,000, the fine payable is Rs. $\frac{1,000-100}{10}$, or Rs. 90; if B afterwards assigns the lease to C and Company for a consideration of Rs. 1,00,000 in cash and of 500 shares in C and Company, the nominal value of each share being £ 1, the fine payable is Rs. $\frac{1,00,000-1,000}{10}$, or Rs. 9,900 in cash together with either 50 shares in C and Company or £ 50 in cash at the option of the Government; if C and Company afterwards assign the lease to D and Company either for an annual rent of £ 10,000 or for a royalty of 10 per cent of the proceeds of the mine, the fine payable is either £ 1,000 per annum or a royalty of 1 per cent of the proceeds of the mine, as the case may be; if the under-lease from C and Company is afterwards assigned by D and Company to E for £ 10,000 in cash and £ 10,000 payable at the end of two years, the fine on account of such assignment is £ 1,000 in cash and £ 1,000 payable at the end of two years less such present value as the Government may fix for the annual rent of £ 1,000 or for the royalty of 1 per cent of the proceeds of the mine leviable on account of the under-lease to D and Company.

(*d*) No assignment will be recognized as valid unless the fine aforesaid has been duly paid to the Government, and the assignee must accordingly protect himself by causing the due payment of such fine.

97

Public Tenders.

V. The Government reserves to itself the power to restrict from time to time the aggregate number of square miles of land for which mining leases are to be granted, and to invite tenders for the purchase of mining leases for such land, without binding itself to accept any or the highest tender.
